

# 2017 Wayne County Fruit Grower Tour

**Win Cowgill**  
*Emeritus Professor, Rutgers University*

An annual event in Western New York is the Wayne County Fruit Grower Tour, held for the nineteenth year on August 2, 2017. Hosted by agri.assistance and 50 industry sponsors, over 200 growers, extension personnel, and industry people attended from all over New York and New England.

This summer the tour was held in the Williamson area at the following orchard locations:

- G&G Farms
- Hermet Fruit Farm
- KC Bailey Orchards, Inc.

Geff Alicandro (host) addresses growers at KC Bailey Orchards, third stop on 2017 Tour (photo credit: Win Cowgill).

These outstanding growers all had blocks of Tall Spindle production to see. Industry presentations and updates were made at each location.

The highlight of the tour is the clambake along Lake Ontario at the end of the day. Food and fellowship with fellow fruit growers and friends always makes for a great event!

Side stop to Tom and Allison Demarree Orchard-Tom shows Paul Nelson, Phytelligence, his new Geneva Rootstock Trial planted this spring with Cornell University (photo credit: Win Cowgill).

## Eco-Friendly Insect, Disease, Bird Control

University/USDA tested

### Stink Bug Traps

*Brown Marmorated and Native Bugs*
